## **YOU CAN EXPECT US TO DO THE FOLLOWING**

\* Suggest to you persons who are marriage-minded, ready to make a commitment, and who we feel to be compatible with you.

\* Apply our G-d-given ability to recognize and assess overall personality traits to make sound judgments in assessing mutual compatibility.

\* Occasionally keep you waiting rather than give you dates just to keep you "satisfied". We are not a dating service and do not want to waste your time on what we may perceive as unproductive dates.

- Do our very best to help you find your destined spouse, but not to *guarantee* to do so

## **WE WOULD LIKE YOU TO:**

\* Keep in touch periodically by or email or phone, telling us about your progress and your reactions to those you meet . *Non-communication for an extended period usually indicates to us that you are not currently available.*

\* Let us know if you become engaged through another source, so we can delete your name and wish you *mazel tov!*

\* Realize that your registration fee helps defray only some of the expenses we incur in conducting this vital, not -for-profit service.

\* Gratefully acknowledge your indebtedness to Likrat Shiduch in the event of a successful shiduch, by paying the sum spelled out in the contract form. This helps us cope with our expenses, and improve our service.

- Realize that we are only one avenue, and we therefore encourage you to explore other reliable avenues.

We hope that you will consider us, not only as professionals operating in an efficient manner, but also as concerned individuals who, with G-d's help, want to help you find happiness.
